DEPARTMENT OF
TRANSPORTATION
DISTRICT ONE –
SCHAUMBURG, IL**

Provide for the widening and resurfacing of 0.8 miles of North Avenue (IL64) from Powis Road to C&NW and EJ&E Railroad.

The project includes removing and replacing the existing box beams, repairing the existing substructure on North Avenue over the railroad, widening the existing 12' lanes in both directions and addition of left turn lanes at the intersection of North Avenue and Powis Road.

The project also included the design of storm sewers, signing, striping, erosion control, and maintenance of traffic.

HOH performed supplemental field surveys, substructure investigation, structure reports, type, size and location drawings, traffic signing plans and final plans, contract documents, and construction cost estimates.
