

SECURITY MANAGEMENT SYSTEM

MARKHAM COURTHOUSE

16501 S. KEDZIE

This was a design-build project where HOH Systems acted as a sub-contractor to Videotec. The system included:

- New Electromagnetic Locks and access control for 12 perimeter doors
- New locks and access control for 15 Interior doors
- New Intercom System
- New CCTV System consisting of 48 cameras and 10 monitors
- Stop Light Control
- New control panels for Men's, Women's and Juvenile Detention
- New Main control panel
- Renovation of the Information Desk

HOH Systems provided the design and control cabinetry for the project. The Main control panel is interlocked with the various detention panels.
